NAFCU Services Announces DefenseStorm as Preferred Partner for Cloud-Based Cybersecurity

ARLINGTON, Va. (June 18, 2018) – NAFCU Services has designated DefenseStorm, a nationwide provider of cybersecurity and compliance solutions, as the Preferred Partner for their Cloud Based Cybersecurity Platform. The NAFCU Services Preferred Partners are selected by three panels of leading credit union CEOs.

[DefenseStorm](#) uniquely combines cybersecurity and compliance built specifically for banking on one platform, so both are real time and automated together. This benefits community-focused credit unions that seek greater scale from IT and compliance staffs. The DefenseStorm GRID is the only system with the FFIEC CAT and ACET compliance elements built-in, and links policies to real-time alerts so credit unions can demonstrate to regulators and examiners that they are secure and compliant with industry requirements and their own policies.

"We are proud to partner with DefenseStorm because they are so clearly dedicated to credit unions, and to providing them with real-time cyber safety and soundness. Their solutions are vital to the success, security, and stability of financial institutions," said Randy Salser, President of NAFCU Services Corporation.

"With approximately 20 million cyber events occurring per day per financial institution, the volume and sophistication of today's cyber threats are definitely challenging credit unions to maintain and prove 'Cyber Safety and Soundness.' For this reason, we are thrilled to partner with the NAFCU community, an organization that is entirely dedicated to the empowerment and betterment of credit unions," stated Sean Feeney, CEO of DefenseStorm.

About NAFCU Services

NAFCU Services is a wholly-owned subsidiary of the National Association of Federally-Insured Credit Unions (NAFCU). For over 40 years, NAFCU Services has been connecting credit unions to the best industry partners, and delivering vetted solutions in areas such as technology, security, risk management, operations, insurance, payments, and more. Combined, these partners support virtually 100% of all credit unions. For more information, visit www.nafcu.org/nafcuservices and follow on [Twitter](#).

About DefenseStorm

DefenseStorm is the only company that combines and automates in real time cybersecurity and cybercompliance built for banking, so financial institutions can achieve Cyber Safety & Soundness according to regulations and their own policies. The DefenseStorm GRID™ is the only co-managed, cloud-based, and compliance-automated solution of its kind, operating as a technology system and as a service supported by experts in financial institution security and compliance. For more information, visit www.DefenseStorm.com.
